My eyes have never seen  
Someone so beautiful  
So much charm  
So much class  
You're the first thought of each day  
So appealing you are  
You move through me  
Such a natural feeling  
And oh, please don't take it away  
I can get caught up  
When I see you  
You're so beautiful  
I can get caught up  
When I see you  
You're so beautiful  
I have received a love that's all demand  
So innocent and so pure  
You make each moment stand still  
You took care of my heart ever so gently  
I can never repay you, no  
Your desires I'm here to fulfill  
I can get caught up  
When I see you  
You're so beautiful  
I can get caught up  
When I see you  
You're so beautiful  
You  
You are  
You  
You're more than a dream come true  
You  
You are  
You  
Beautiful, Beautiful  
I can get caught up  
When I see you  
You're so beautiful  
I can get caught up  
When I see you  
You're so beautiful  
I can get caught up  
When I see you  
You're so beautiful  
I can get caught up  
When I see you  
You're so beautiful  
Caught up  
I can get caught up
