

Fear begetting fear  
It burns no end  
The lies, The alibis  
To the death

When people seek their truth  
Under siege, Under control  
They will rise to walk illumined  
For the love to be restored

Tell me! Tell me  
Uncondition your soul  
Take a leap!  
Ad infinitum one and all

Better flying free  
Than endure the ceaseless crawl  
No need to fight or flee  
As you hear the clarion

Woah... Tell me

When no longer slave to rule  
We will heed our spirit's call  
Their web of lies the proof  
And through greed  
Their empire will fall

Tell me! Tell me  
Uncondition your soul  
Take a leap!  
Ad infinitum one and all

Tell me! Tell me  
Uncondition your soul

Woah, woah  
Woah, woah (Tell me)  
Woah, Woah  
Woah, woah (Tell me, uncondition your soul)

Will you ever know? (I)  
Have you given up? (Woah Oh Oh)  
Will you ever know (I) you are worthy of love? (Oh Oh)

Will you ever know? (I)  
Will you ever know? (Oh Oh, I)
