

Holding on to You

Twenty One Pilots

I'm taking over my body
Back in control, no more shotty
I bet a lot of me was lost
"T"'s uncrossed and "I"'s undotted
I fought it a lot and it seems a lot
Like flesh is all I got
Not any more, flesh out the door

I must'a forgot, you can't trust me
I'm moment-to-moment and close but don't show it
Before you know it I'm lost at sea
And now that I write and think about it
And the story unfolds
You should take my life
You should take my soul

You are surrounding all my surroundings
Sounding down the mountain range
Of my left-side brain
You are surrounding all my surroundings
Twisting the kaleidoscope
Behind both of my eyes

And I'll be holding on to you

Remember the moment
You know exactly where you're goin'
'Cause the next moment before you know it
Time is slowin' and it's rolling still
And the windowsill looks really nice, right?
You think twice about your life
It probably happens at night, right?

Fight it, take the pain, ignite it
Tie a noose around your mind
Loose enough to breath fine and tie it
To a tree tell it,
You belong to me, this ain't a noose
This is a leash and I have news for you
You must obey me!

You are surrounding all my surroundings
Sounding down the mountain range
Of my left-side brain
You are surrounding all my surroundings
Twisting the kaleidoscope
Behind both of my eyes

Entertain my faith

Lean with it, rock with it
When we gonna stop with it?
Lyrics that mean nothing
We were gifted with thought

Is it time to move our feet
To an introspective beat

It ain't the speakers that bump hard
It's our hearts that make the beat

And I'll be holding on to you
