

I Will Never Go

Twila Paris

So many people we know
And even more that we don't
Have decided "together" is worse than "alone"
And I believe it is time
That I am taking a stand
Love, I gave you my word when I gave you my hand
And I haven't the right to tear us apart
To break this vow, to break His heart

I will never go
I will never go
I want you to know
I will never go
And so with tears in their eyes
They turn and stumble away
But they cannot be alone in the price that they pay
I gave a promise to you
We took a vow before Him
A solemn covenant shared with family and friends
And I haven't the right to tear us apart
To break this vow, to break His heart

I understand that crazy things can happen
I understand that life can take a toll
I know how it can hurt to keep a promise
But man-made options only scar a soul
