

# Pimps, Witches, Thieves & Bitches

Twilightning

Shiny high heels, pimps and witches  
Fancy Cribbs with lazy bitches  
On a higher ground you see  
Crap on wheels on MTV?

Reckless fool, new local Idol  
Way down, now who's suicidal?  
Thieves are sucking all the hope  
Soon you're at the end of the rope

Pointless decoration  
The mental masturbation  
Thieves & witches - do you see?  
A pimp with bitches on your screen

Well hidden violence  
Stand still, remain in silence  
Can't take it anymore!  
Still the same crap you love to adore

I cannot get you there, please drop the faith  
I cannot let you go there  
Don't mean to let you down, sweet little Kate...

Wicked witch in a secret peepshow  
A plastic bride, she cannot lay low  
Local star of a display window  
Singing 'bout love and self-esteem

Pointless decoration  
The mental masturbation  
Thieves & witches - do you see?  
Same old crap on your TV

I cannot get you there, please drop the faith  
I cannot let you go there  
Don't mean to let you down, it is not too late...

I cannot get you there, please drop the faith  
I cannot let you go there  
Don't mean to let you down, sweet little Kate...
