

# The Ghost of Eddie

Twin Atlantic

I know when I'm faking  
Cause I'm scared to look in your eyes  
There's no way to control it  
Am I big enough or brave enough to lie  
And everybody screamed  
Yeah  
Yeah  
Yeah  
Yeah

The doctors tried to solve me  
Cause I'm losing any natural vibe  
There's no way to control it  
Digital and empty we sigh  
And everybody screamed  
Yeah  
Yeah

I've been caged  
You can laugh all you want  
But that is digital air that you breathe  
You won't get better than me (hey! hey! hey! hey!)  
No you won't get better than me (hey! hey! hey! hey!)  
Cause I've been saved from corruption and greed  
And everybody screamed

And everybody screamed  
Yeah  
Yeah  
Yeah  
Yeah

I've been caged  
You can laugh all you want  
But that is digital air that you breathe  
You won't get better than me (hey! hey! hey! hey!)  
No you won't get better than me (hey! hey! hey! hey!)  
Cause I've been saved from corruption and greed
