

## Old Love / New Love

Twin Shadow

What am I supposed to say?  
An old love called me yesterday  
And she sounds so sweet  
Why, she sounds so...

Drill me to the floor  
This hurts even more than I expected it to do  
(Ooh ooh ooh, ooh ooh ooh)

(Ooh ooh ooh, ooh ooh ooh)  
(Ooh ooh ooh) Drill me to the floor  
(Ooh ooh ooh) This hurts even more, oh  
Oh, oh, oh-oh-oh  
Oh, oh, oh-oh-oh  
Oh, oh, oh-oh-oh  
Oh, oh, oh-oh-oh  
Oh, oh, oh-oh-oh  
Oh, oh, oh-oh-oh  
Oh, oh, oh-oh-oh  
Oh, oh-oh

Like the moon says to the dark, we will never be apart  
We'll never be alone again  
Cause it was you who'd call me out  
When I couldn't shut my mouth  
About the last love that did me in  
I couldn't sleep, you said, "Just sleep with me"  
I couldn't speak, you said, "I'm listening"  
And if it breaks me down I'll be around  
Until it's you love, you're my new love

Old love  
It's been so long  
Why you gotta call  
And hurt me hurt me, hurt me?

And I love you still  
Why, I love you..
