

I know what is the best choice for you. I know what is the point of view. You've got to understand: I'm the one who will take care of all for you.

I'll work to buy your own world of dreams. You should respect me just for this. You're not begging for more, I'll give you all! Here's your bearing wall, it's me.

I'm the one helping you through life, the only one. I'll take care of giving you everything, just taking care of all your needs. Giving you everything, leading you life, creating your dreams. Love deep within when you're confined, 'cause you are mine and I need you. I know you need me too.

I'll be everything in your life 'cause you are everything in my life. I'll give everything you may need and I'll feed your own greed with my loving spree. I'll be everything.

I'll be everything in your life 'cause you are everything in my life. I'll give everything you may need and I'll feed your own greed with my loving spree.

Please do not say a word, you don't make sense at all! Shut up! I have total control, you've got no rights at all. Shut up! This is the way I am, you will not change my world! Shut up! I'm in charge of your life! You just have to agree, I'm everything!
