

## Pay For Their Art

Twinspirits

It's the soundtrack of your life, it moved your heart. Someone's worked hard, so much time to bring those songs alive.

No! I don't care! Why should I pay when I can get it for free? Thousands of friends are sharing what I'm looking for.

There's no future for them if you won't pay for their art! Being a fraud is so wrong, so be smart - pay for their art!

It might be last curtain call, the final move, but there's a chance to feed the hope: it all depends on you.

No! I don't care! Why should I wait when I can get it right now? Thousands of friends are sharing all I'm looking for.

There's no future for them if you won't pay for their art! Being a fraud is so wrong, so be smart - pay for their art!

Future music is in your hands: it's your real chance to be involved. Future music can be preserved: you'll just have to pay for their art!

There's no future for them if you won't pay for their art! Being a fraud is so wrong, so be smart - pay for their art! Pay for their art!
