Taste The Infinity

Twinspirits

I'd jump beyond the highest clouds,
I'd stop the time flow
and turn off the sun.
I would dry all the water of entire oceans,
I'd give all to find someone like you.

Now that I've found you, I'm so scared,
'cause if you ask me
I don't know if I could
jump beyond high clouds,
turn off the sunlight,
stop time flow and dry entire oceans.

If only I would be able to
give all I have, would it be
enough to preserve this magic feel
that's giving us a chance
to taste the infinity?

Life tells us the stories we believe,
giving us memories we should retrieve,
leading everyone's steps where
we can face bad days.
Just listen to what your heart's saying.

If only I would be able to
give all I have, would it be
enough to preserve this magic feel,
these magic moments that are still
giving us a chance to be ourselves,
and taste the infinity?

Take this chance to walk beside me.
I'd jump beyond the highest clouds,
I'd stop the time flow
and turn off the sun.
I would dry all the water of entire oceans,
I'd give all to find someone like you.
