

Frum da tip of my tongue

Twista

Droppin a flow like this be breakin the suckers
And rippin the rhythm and showin I'm bringin the feel of my tongue
And be makin em manifest that I be rockin the young
Flowin this style I be singin and bringin
It's breakin the people and go in the mind of a teen
Be makin em hear it and manifest up in him that I'm a star to become
Quick the lyrical style I'ma kick
You better catch the rhythm of it
Cause hip-hop is becomin complicated, never be left hung
Bringin a style like this kinda quick and crisp
A lyrical twist be comin from Chi-Town
I know that hip-hoppers all over will be stung

(How was the rhyme brung?)
Frum the tip of my tung [7X]
(How was the rhyme brung?)
Frum among the tip of my tung

Rock the style of my second verse like that of my first
Be showin the hip-hop hypes my types of flowin, but not the best of T
From an imagination this was took, a mental crook
Stirring this up like a chef or cook
I hear them say give me the recipe
Breakin this off in the fashion of an erection of an adventurous styl
e
That I'ma use to just confuse and smart people then go dumb
You say me style be wack cause y'all can't manifest what I be sayin
Think I'm a lyrical midget, watch me then say fee-fi-fo-fum
Flowin this like a veteran that I'm incredible is what they be stung
by
When I'ma give in a flow of the funk I erect like a wee-wee
Then see me gee, we be DJ Jihad and T.T.
Steppin and then I'ma find a lyrical line that'll flow from me like p
eepee
Rockin and me stylin, rockin and me stylin, wildin
Them say me tracks be wack, I just sip them like them coco
Loco, a lyrical thing I sling and cling like Sing-
Sing, merciless like Ming
Watch me come and stiff in em like a photo
Funky, funky, funky stylin, wildin
I'ma drop in a flow that breaks and takes a lyrical wiz to wax a funk
y scholar
Flowin a hyper type of song that I sung from the lung
Breakin em up in a snap, I think that I better thank Allah

Face the lyrical rhythm of this lick I throw in a blister of a body
Breakin em up so quick that I can even bruise hair
Rythm will rock blocks and funky track drops
Don't wanna come in the door but when you're hearin this
Do I hear a 'knock-knock who's there'?
Twista breakin em off in a magical rhythmous manifestation of a lyric
al racin

Chasin suckers that my funky rhythm elects
Wrote this, quote this, notice how I wreck
My funky hoocus pocus broke his neck
