

It Feels So Good

Twista

This goes out to all riders worldwide
Let that playa ass nigga Twista be your guide as we go on a ride
where playa hatin killers and the hood niggaz thrive
And lame motherfuckers can barely survive

One morning I woke up next to a thick bitch
Took a shower dried off brushed the gold teeth like Slick Rick
Tapped on Obsession colonge like Doug E. Fresh in the flesh
Think I'm blessed with the zest after slippin on my slick fit
The high discover me, hit the front porch
Two women butterly lovely in front of me got my head gone
I sent the bitch in the bed home cuz one of them
got chocolate big thighs and the other one was a redbone
Where y'all goin y'all thick as hell
What's your name I wanna get up with y'all tonight shit
I got some homies that lonely never phony we on some hype shit
Call up the buddies you be tight with
We ain't really gon be doin too much though
We just ridin around bumpin sounds trippin out while we flame j
anes
Tappin the horn at the homies that gangbang
and slang 'caine to maintain to mob's the same thing
Or we can chill at the crib and play spades or kick some ass a
bit
Speedpass the clit and get passionate
Grab the buckle and unfasten it
and we can get into some ol' nasty shit
Live if I could decide to try, don't play me bogus
This ain't no spin move and I ain't got no time to lie
Tell your girls we gonna be sliding by
but hit the weed tip first cause my clique got to be riding high
cause it feels so good

It feels so good how we kick it in the hood like so good
(When we ridin high)
Rollin through the hood with Philllies and hoes
Straight pimpin with nowhere to go
And it feels so good the way we kick it in the hood like so good
(When we ridin high)
Rollin through the hood with Philllies and hoes
Straight pimpin with nowhere to go
