The rap for the hood, if you want 'em I gram 'em  
I'm Twista, I came back with the hustler's anthem  
And these are crack hooks that I spit, I hope my customers chant 'em  
Spit for niggaz in Capris that can't pull up in the Phantom  
That's real - like rocks and blows when I'm rockin them shows  
On the blocks with them O's when I'm droppin them flows, cockin the low  
When the Twista hit the scene and that's like BLAKA explode  
These lyrics to the tracks is like workin them pots on the stove  
That's real

I got cocaine if you really wanna {"buy buy"}  
I got ounces if you really wanna {"buy buy"}  
I got 'dro if you really wanna {"buy buy"}  
Rocks blows if you really wanna {"buy buy"}

Give me a look-up, I got the good hook up on cook up  
If you low I'll front you to try to help you get a foot up  
Police on my ass so I had to move a little bit quicker before I get shook up  
Shit it's all the way I had to book up  
Makin money for my good ki with a good cut  
I spit that Cali kush, in the alley you can push  
And the ki I stay low-key so Detective O'Malley won't look  
Everybody be watchin my shows, everybody be rockin my flows  
Got yayo and that's the way shit goes nigga, O's nigga

It's a seven day thing man  
We do it all week e'ry week, we hustlin  
Let me tell you how it goes again, aight?
