

## Snap Happy

Twista

Intro, I break a, break a brother ten fold  
Oh, 10-40, stomp em like a dinosaur  
Poor excuse for an MC, so-so singers  
The things I bring'll snap like fingers  
Rugged hip-hop, I'm gettin funky like a cheap perfume  
Doom, take em from the womb to the tomb, whom  
It may concern, I return from the mentally dead  
To fly a sleep sucker duck's head  
A thoroughbred in this talent, I be snappin like I'm coo-coo  
Try to fade my spade, you made a boo boo  
Suckers say 'oops', troops, I spank em if they rap happy  
Never calm, cause I'm snap happy

Am I snap happy? (mh-hm)  
Tell me am I snap happy? (mh-hm)  
Tell me am I snap happy? (mh-hm)  
Yo, tell me am I snap happy? (mh-hm)
