This is why I'm cold, cuz I'm a chain flicker
I can sell a million just by telling em it's Twista
I represent the Midwest this is where it's at
We comin and Nelly and Eminem and Kanye West we got that crack
I love the dirty cuz the drop remind me of K-Town
Full of sheisty ass niggas, but the true ones gon' stay down
But on the East Coast they want lyrics in the door
So I get up in the middle of the side fo' then I spit another flow
And when I hit the West I blow sesh everyday
Get up with Firski or (E)40 when I'm in Frisco or the Bay
And when I'm in L.A. I get up with Snoop and The Game
And a lot full of six-fo's red and blue all on them thangs
And when I'm in the Chi it's Crucial or Do Or Die
Come and walk with the guy take a journey, just you and I
They ask me to shake it for 'em so they can take a glance
It's get money game, Mobb, cuz gangstas don't dance

This is why I'm cold

Plus you know your boy is first name basis with the cops
Rollin twenty-eight's, known for whippin' cakes
Tryna make a million plus off these Great Lakes
They say we're the gang of niggas always getting money
And dare one of you bitch niggas to try to take it from me
This is why I'm cold I'm always in the gold
Sportin chunky ice when the wind is ten below
Always blowin' kush with some good dope to push
Cuz I'm makin' dirty money like that nigga George Bush
Outside it be freezin' the season is the winter
But I dont give a fuck I'm out here hustlin' in December

Throw the folds to the sky, nigga this is why I'm fly
Let the minks sweep the flo', it's cold as Chicago
Ground full of snow, table full of snow
Been feenin' for some money since Jackson Bo had blows
