I've Had Enough

Twisted Sister

You want to run around all night You have your way or you scream and fight You wanna live but don't wanna give I've had enough of wrong or right I don't know what to do I just can't seem to get through to you I want your love but if it comes to push or shove You can have your attitude 'cause now we're through

Because ooh, I've had enough Ooh, I've had enough Ooh, I've had enough Enough from you

You say you need your only man Well girl I love you all I can You still want me but you want to be free How much did you think I would stand? Bye-bye, so long, now go Our day is done so, take it slow Just save your tears because, after all these years I am dropping you, look out below

Because ooh, I've had enough Ooh, I've had enough Ooh, I've had enough Enough from you

Now girl, don't look so blue Why do you do the things you do? Promise you'll be good and act like a lover should And I'll give my heart and soul right back to you

Because ooh, I've had enough Ooh, I've had enough Ooh, I've had enough Enough from you

And I say it again I say ooh, I've had enough Ooh, I've had enough Ooh, I've had enough Enough from you
