Ride To Live, Live To Ride

Twisted Sister

Hard roads and endless lines Flow through his veins Cold steel and hot fuel injected 'S the dream that fills his brain

But no, not slow
The speed fever grows
He rides, he sees, he knows

You've got to
Ride to live, live to ride
Feel the flames burn inside
And though you know
You ride to hide
You ride to live to ride

Life's short and goes too fast
Most pages burn
Don't wait, the end's too near
Some people never learn
You all won't fall
The road fever calls
So run or fly, don't crawl

You've got to Ride to live, live to ride Feel the flames burn inside And though you know You ride to hide You ride to live to ride

Ride on and don't look back You can't change what's done Drive hard for greater glories You all must be someone

So win, don't show Let the life fever go The world is yours you know

You've got to
Ride to live, live to ride
Feel the flames burn inside
And though you know
You ride to hide
You ride to live to

Ride to live, live to ride Feel the flames burn inside And though you know You ride to hide You ride to live to ride
