## **The Fire Still Burns**

**Twisted Sister** 

You thought it was gone but the fire goes on And 1 thought you knew me, 1 told you before Till 1 settle the score that 1'll never run free 1 have enough pain and anger in my brain to last many lifetimes Yet still it grows and the more that it shows, 1 won't have pea ce of mind

The fire, the fire still burns The fire, the fire still burns

l have a dream and as strange as it seems
There's no embers glowing
The fire's gone out and there's no need to shout
'Cause no anger's showing

But it's not true, nothing l ever do seems to ease my fury Get out of my way, l'm the hangman today and the judge and jury

The fire, the fire still burns The fire, the fire still burns The fire, the fire still burns The fire, the fire still burns

Fire, fire, still burns Fire, fire, still burns Fire, fire, still burns Fire, fire, still burns

Fire, fire, still burns, fire, fire, still burns The fire, the fire still burns The fire, the fire still burns The fire, the fire still burns

The fire, the fire still burns The fire, the fire still burns The fire, the fire still burns
