

# Without You

Twisted Sister

Can't you see it's all around you  
Just open up your silly eyes  
It's in the air and everythin' I do  
And all those things that think I lied

Well, I don't wanna wait, so please don't hesitate  
Without you, I can't live a day  
Without you, there's no need to stay  
Without you, I don't wanna this way without

Now lookie here, don't bother tryin' to hide  
You know I'll find you anyway  
Through all the years of stickin' by your side  
So don't you talk, I won't hear what you say

Well, I don't wanna wait, so please don't entertain  
Without you, I can't live a day  
Without you, there's no need to stay  
Without you, I don't wanna this way without

You run and run, you never stop at all  
You say you're never feel at home  
Well, don't you worry, I won't let you fall  
You're by yourself but you are not alone

I have to find a way, because you got to stay  
Without you, I can't live a day  
Without you, there's no need to stay  
Without you, I don't want it this way without you  
Without you, without you, without you
