

# You Are All That I Need

Twisted Sister

When I think of all the years and all the things I never say  
How you fought back all your tears and you've never tried to walk away

Well I've been all 'round the world and I've seen all kinds of girls

And there's one thing that I know for sure  
That there's no one else like you who loves me the way you do  
For what's ailing me you got the cure  
Oh babe, listen to me, please

You are all that I need  
All I want is you  
You are all that I need  
All I wanna do

If you turned away from me sayin' this is what you have to do  
If you said that we can't be, girl I'd always be in love with you

And if I live a thousand times  
I'd be guilty of the crime of eternal love and dedication  
And if I only get one chance to know the meaning of romance  
Well then I'm happy with my education  
Baby, baby, baby, listen to me, please

You are all that I need  
All I want is you  
You are all that I need  
All I wanna do

Well I've been all 'round the world and I've seen all kinds of girls

And there's one thing that I know for sure  
Baby, baby, won't you listen to me, please

You are all that I need  
All I want is you  
You are all that I need  
All I wanna do

You are, you are all that I need  
All I want is you  
All I want is you, all I need is you  
Ooh yeah, yeah, all that I want, all I need is you
