

# Afraid of me

Twiztid

I'm so, hidden and you're never gonna see  
I'm cold, forgiven all because of my beliefs  
I'm no, body that you ever want to be  
Cause I know that the world is afraid of me

I'm so, hidden and you're never gonna see  
I'm cold, forgiven all because of my beliefs  
I'm no, body that you ever want to be  
Cause I know that the world is afraid of me

Now you can try to sedate me, assassinate or just hate me  
But there's nothing that you can do to me lately  
Now I'm greatly accepted in the mind so I'm confused and intertwined  
From being rejected so many times, I want to leave it all behind  
So kind of you to pick up the album and give it a try for once  
And run and tell your homies that these motherfuckers will die for us  
So many questions, fingers pointing for answers  
Suggesting that I'm the cancer that lingers inside the pasture  
With green grass up to my neck, and situations that's too fast  
To think about and most people can't dream about  
A hundred million miles and every single second  
And every time you hear this record I want you to feel me on every sentence  
Reminisce from descendants of past treasures  
We'll embark on a journey that'll stay alive forever  
Plus I would stand over on my side of the fence  
Regardless of the circumstances or the consequences

I'm so, hidden and you're never gonna see  
I'm cold, forgiven all because of my beliefs  
I'm no, body that you ever want to be  
Cause I know that the world is afraid of me

I'm so, hidden and you're never gonna see  
I'm cold, forgiven all because of my beliefs  
I'm no, body that you ever want to be  
Cause I know that the world is afraid of me

I am my own worst enemy  
I'm not the smartest motherfucker and shit, I don't pretend to be  
And why I am the way I am is not a mystery  
My mind's not in proper working order or in therapy  
The brain's confused and mentally abused  
Life's been hanging on a string so what the fuck I got to lose?  
And what the fuck I got to prove to you?  
If you don't know me by now, you'll never know me  
You can put that on my real homies  
I got problems and they stack like bills  
And I relate to the broken, bleeding heart love killed  
And I awaited in the shadows, awake in the dark  
Hoping to talk to the passed on, I'm falling apart  
I'm such a mess and decisive, I'm fading away  
I'm out of touch with society and living today  
Never relying on my sanity, I through it away  
To become the maniac that's got your attention today

I'm so, hidden and you're never gonna see  
I'm cold, forgiven all because of my beliefs

I'm no, body that you ever want to be  
Cause I know that the world is afraid of me

I'm so, hidden and you're never gonna see  
I'm cold, forgiven all because of my beliefs  
I'm no, body that you ever want to be  
Cause I know that the world is afraid of me

Can you keep a secret?  
Well I'm afraid world because they want me to die  
can you believe it? But I'm still alive  
And been floating since '95  
With my chin held high but I'm so dead inside  
Let the problems just roll and put them back into a pile  
Because it's just a bunch of shit that I can't deal with right now  
And I'm tired of always guessing and messing it up again  
And the next day it's even deeper and I'm steady sinking in

I took a look at myself and came to grips with what I found  
It was a vision of a child, disturbed and broke down  
No soul, no heart because I have it away  
No time for feeling sorry, I'll grieve another day  
And all those tears are stored in storm clouds  
That hover above me and cover the ugly  
Continued to haunt me when I was feeling low  
That's the same reason I hold on and never let go

I'm so, hidden and you're never gonna see  
I'm cold, forgiven all because of my beliefs  
I'm no, body that you ever want to be  
Cause I know that the world is afraid of me

I'm so, hidden and you're never gonna see  
I'm cold, forgiven all because of my beliefs  
I'm no, body that you ever want to be  
Cause I know that the world is afraid of me

I'm so, hidden and you're never gonna see  
I'm cold, forgiven all because of my beliefs  
I'm no, body that you ever want to be  
Cause I know that the world is afraid of me

I'm so, hidden and you're never gonna see  
I'm cold, forgiven all because of my beliefs  
I'm no, body that you ever want to be  
Cause I know that the world is afraid of me
