

# Cyanide

Twiztid

I'm so addicted to this  
but I know it's too cold  
like ice cream and dip  
my dipstick in there  
it's meltin again  
so she gonna have shake on her chin  
when I'm fixin to bust

and you can trust  
I been know to paint them hoes  
like Pablo Picasso with no brush  
don't rush cause I'm comin along  
and I can supersoak the hole by the end of the song

Don't help me  
don't touch me  
don't love me

she likes when I do what I do  
When I do what I do so eratically  
treat a box like a tooth  
and I kill it to the root  
like I'm drillin for a cavity

15 more pumps in me left  
and I'm spent like the red pricetags  
on the clothes in the closet  
class A hoe  
what you call it  
daddy was a drunk  
and mom's an alcoholic

Your love's like cyanide  
the more that I drink  
I feel sick inside  
I just wanna free my mind and  
(f-f-fuck you till I come then I'm done)

She works at Denny's  
and drives a Nova  
likes to get naked when she comes over  
then I get butt naked  
and I viggaly bone her  
smokin a whole pack  
till I'm in a coma

But I ain't got much to say  
'cept stir it like a mixin bowl  
and hallotick crates  
when I hit her from the back  
and I'm pullin on her waist

and I take it to the front  
but to paint her pretty face

she like it though  
rubbein her rump down  
and pullin' my eggroll  
and my egg dropps soup and hits the floor  
it's ravanous bitch  
I gots ta go!

Don't help me  
don't touch me  
don't love me

Musa Medusa  
come soak me down with cyanide  
the cut throat kinda game  
I'm immune and I'm useta  
the typical trouser  
most'll call it psychotic but

come soak me down with cyanide  
the cut throat kinda game  
I'm immune and I'm useta  
the typical trouser  
most'll call it psychotic  
but I'm in need of a kind of change
