

I Don't Care

Twiztid

People say I talk too much
I don't care I talk too much

Momma say I failed in life
I don't care I failed in life

Daddy says I drink too much
I don't care I drink too much

People say I'm headed nowhere
And I don't fucking care

Jimmy Johnson's gonna die

Sarah Suzie's gonna die

Everybody's dying slow

I don't give a fuck though

I'm only short like fifty bucks

I couldn't give fifty fucks

I could really use some help

You can go and fuck yourself

Everybody's gonna die
Terror falling from the sky
Mothers with they children cry
And I could give a fuck why

They say you'll never walk again

Well go plug the Sega in

I think somebody stole my truck

Tell someone who gives a fuck

My entire world is falling
Entire world is falling
My entire world is falling
Entire world is falling

How much do they charge in there?
Wait a minute, I don't care

I'ma shoot you in the face

I'll tell you how the bullets taste

Critics say you immitate

I don't give a fuckulate

50 million people dying

Awwwww I'm crying

Tell me all the things you saw
As if I give a fuck at all

You see me sitting in the chair
People dying even there

Everything you saying to me
PShhhhh, go right through me

If I was to pick it up
I'd have to give a fuck, and I don't

I don't care nothing about it
I can't do nothing about it
I can't do nothing for you
I don't care nothing about it

Rainforest burning down

War and riots all around

I'm inside like fuck them all
What's the main event on RAW?

Posion, mad cow disease

Can I get that with double cheese?

STD's steady spreading

Bareback up in this neden
I don't care

My entire world is falling
Entire world is falling
My entire world is falling
Entire world is falling

I don't care nothing bout it
I can't do nothing about it
I can't do nothing for you
I don't care nothing bout it

Everyday when I wake up
All I really wanna do is die
And go to the next phase
Ground up flesh is consumed

Everyone is gonna die...
Fuck I ain't afraid to die
Go on shoot me in the eye
Do it see if I survive
Give it to me point blank
Better... Did you hit him?
Yes, and I don't give a fuck less

Careful it's a dark night

Give your money or your life

Take 'em both for all I care
Dump your bullets right here

Eviction notice on the door

Addicted crawling on the floor

Ask me did I ever care?
Nah...

My entire world is falling
Entire world is falling
My entire world is falling
Entire world is falling
My entire world is falling
Entire world is falling
My entire world is falling
Entire world is falling

I don't care, I don't care
I don't care, I don't care
I don't care, I don't care
I don't care, I don't care
I don't care, I don't care
I don't care, I don't care
I don't care, I don't care
I don't care, I don't care
