I was born in accident off the reapa  
Free spirit but a mind drifta  
Vampire label me the blood sippa  
With an x in the middle of my head, the fallen sun  
Gravewalker, leader of a legion of killas and soul stalkers  
Midnight marauders  
We put the world into submission  
We told all y'all to listen twiztid mo' mystic the superstion  
Transparent, like a shadow in the dark I float by  
Lookin' at you dead in the eye  
Time to wake the dead on up and ring the alarm  
I got you bitches shakin' and nervous with sweaty palms  
From the beyond, let's roll where mortal never roll  
Home is in a pitch black room, all alone  
Separated, until death doing so  
So I created and populate the dead zone

Brand new, brand muthafuckin' new  
Every MC in the vecinity is bumped to number two  
Comin' out like freekshows and all y'all hoes that don't know  
Y'all catch elbows, and get holes  
Bitch you don't understand the dark carnival  
The misunderstood realm of all juggalos  
Called freekshows and made fun of from everyday  
But when we return with axes y'all bitches run away  
I'm a warlock, walk on water with wicked spells  
Banished to purgatory, borderline of heaven and hell  
See me for all that I am and all that I do  
The multiple man appear in multiple's of two  
Evolution of the soul took place in a cocoon  
And we appear from the shadow by the light of the moon  
We the nightbreed, walkin' amongst the dead  
Nobody can figure out what's going on inside of our head
