

## Bad Decisions

Two Door Cinema Club

Save me  
I've been drinking wine  
And I just made a big mistake  
Happens all the time  
Slay me  
Come out from the dark  
Sold my soul to television  
Different kind of art

We'll be okay  
We'll be okay, ah

We've got the time  
Gonna work its worth and find the perfect crime  
You don't need to know what everybody's thinking  
Don't get mad at yourself  
Find it on the television  
Outside the line  
Oh, come to me my fantasy tonight  
I'll apologize for every little thing we've made  
I'm addicted to you  
I make bad decisions

Lately  
Think I've had enough  
Of generation information every station  
And I can't turn it off  
So baby  
Why you look so sad?  
You've been trying too hard, too hard to reply to me  
Where's the sense in that?

We'll be okay  
We'll be okay, ah

We've got the time  
Gonna work its worth and find the perfect crime  
You don't need to know what everybody's thinking  
Don't get mad at yourself  
Find it on the television  
Outside the line  
Oh, come to me my fantasy tonight  
I'll apologize for every little thing we've made  
I'm addicted to you  
I make bad decisions

Generation information  
Generation information  
Generation information  
Generation information  
Generation information  
Generation information  
Generation information  
Generation

We've got the time  
Gonna work its worth and find the perfect crime

You don't need to know what everybody's thinking  
Don't get mad at yourself  
Find it on the television  
Outside the line  
Oh, come to me my fantasy tonight  
I'll apologize for every little thing we've made
