

# Cigarettes in the Theatre

Two Door Cinema Club

It starts in the theatre  
A night of encounters  
If I hadn't been there  
If not for a cigarette

And you could see it change  
Look past the blinding light  
Look past the blinding light

Just keep talking on  
Tell me your favourite things  
Tell me your favourite things

Difference in opinion was never an issue  
Collect all your questions  
Because this time we've all night

And you could see it change  
Look past the blinding light  
Look past the blinding light

Just keep talking on  
Tell me your favourite things  
Tell me your favourite things

And you could see it change  
Look past the blinding light  
Look past the blinding light

Just keep talking on  
Tell me your favourite things  
Tell me your favourite things
