

## Crystal

Two Door Cinema Club

Everything tonight  
Made everything alright  
I am speechless  
I listen to your words  
Float like hummingbirds all around me

Sweet mess suspend me in crystal

You and I were set  
To float down with a map  
See where it takes us  
I left you on that street with shadow at your feet  
I should've kissed you

Sweet mess suspend me in crystal  
Sweet mess suspend me in crystal
