

## Wake Up

Two Door Cinema Club

Goodnight, daylight  
I won't remember you for long  
Sleep tight, fist fight  
Until December's come and gone

It's only late you have time  
With any reason that you find

Somewhere in slumber  
Is someone who didn't see it coming

If all this leaves you behind  
And everything starts to rewind

It doesn't mean anything  
You won't remember what you see  
It could take you a lifetime  
A lifetime

You got lost  
Lost through the night  
It's no loss  
You'll be alright

Tell me you'll feel better  
When you're sleeping though the day  
And I'll tell you how you missed it  
When you wake

It doesn't mean anything  
what you done or where you've been  
It was a chance of a lifetime

You got lost  
Lost through the night  
It's no loss  
You'll be alright

Tell me you'll feel better  
When you are sleeping though the day  
And I'll tell you how you missed it  
When you wake up

(When you wake up)  
(When you wake up)  
(When you wake up)
