

Don't Want No Woman Who Stays Out All Night Long

Two Gallants

Well I don't want no woman
She stay out all night long
Lord no
She stay out all night long
Don't want no woman don't know right from wrong
And I don't want no lady
Hair like drops of rain
Hey hey like drops of rain
Well who am I
If she treats them all the same?

Look down the road far as my eyes could see
Lord no
Far as my eyes could see
See like nothing don't see by me
And it's goodbye baby
If you call that gone
Lord no
If you call that gone
You leave now
But you'll be back 'fore long

Don't write no letter, call me on the phone
Hey hey call me on the phone
Cause I'm goin' away
And I won't be gone for long
No, I don't want no woman
Who stay out all night long
Lord no
Stay out all night long
Don't want no woman
Who don't know right from wrong
