

Wait  
Wait for me  
I'm making you wait  
Wait for me  
Chained  
Chained to me  
I'm keeping you chained  
Chained to me  
The words I'm saying  
They fall on deaf ears  
and we fall apart  
in the silence that divides us  
Here  
Chained to me  
I'm keeping you chained  
Chained to me  
I wish your arms were glued to me  
I know you want me to see  
The words I'm saying  
They fall on deaf ears  
and we fall apart  
in the silence that divides us  
Here  
It's here  
It's here inside the silence  
Here  
It's here  
It's here inside the silence  
It's here inside the razor blade  
It's here inside the choice you made  
It's here inside the silence  
It's here inside your broken bones  
It's here inside the written stone  
It's here
