

Hope

Two Witches

In this world our hands are bind
And your eyes so blind
To see wish in my looks

On an other shore
We walk in hand in hand
And I feel your lips
The warmth of your touch

Chorus
In this world
Our hands are bind
And your eyes so blind
To see wish in my looks
Hope-hope-hope...

Pain in my eyes
When I look at you
Pain in my heart
When I think of you

I want to take you on my arms
Wanna feel your lips
The warmth of your touch

Chorus
In this world
Our hands are bind
And your eyes so blind
To see wish in my looks
Hope-hope-hope...

On an other shore
We walk in hand in hand
And I feel your lips
The warmth of your touch

In my dreams there ain't no limits
No chains, no ropes
To prevent our love

Chorus
In this world
Our hands are bind
And your eyes so blind
To see wish in my looks
