

## Hey, Sha La-la

Two

If you're walking and you stumble  
You don't have to cry  
When you lose your keys and fumble  
I just want to die

It's Alright  
(Cause all I want is you)  
It's okay  
(There's nothing I can do)  
It's Alright  
(Cause all I want is you)  
It's okay  
(Cause all I want is...)

Hey, sha la la  
Hey, sha la la  
All I want is you

Hey, sha la la  
Hey, sha la la  
All I want is you

As you sleep you hug your pillow  
Curled up in a ball  
I'll protect you while you're dreaming  
Catch you if you fall

It's Alright  
(Cause all I want is you)  
It's okay  
(There's nothing I can do)  
It's Alright  
(Cause all I want is you)  
It's okay  
(Cause all I want is...)

Hey, sha la la  
Hey, sha la la  
All I want is you

Hey, sha la la  
Hey, sha la la  
All I want is you
