

# I Want My Goodbye Back

Ty Herndon

I didn't mean to break your window, I was tryin' to wake you up  
When I saw you out last night, it hit me like a truck  
I tried to call all day at work, didn't they give you my fax  
And I want my goodbye back

I had a momentary, temporary, lack of self control  
I said this and I said that, I was really on a roll  
It's been downhill ever since my good sense jumped the track  
And I want my goodbye back

My doctor says, "I'm better now" but I still feel the pain  
I showed him your picture, he said, "Man, you were insane"  
He asked me for your number and now his left eye is black  
And I want my goodbye back

I had a momentary, temporary, lack of self control  
Oh, I said this and I said that, I was really on a roll  
It's been downhill ever since my good sense jumped the track  
And I want my goodbye back

I might have been insensitive but I have learned a lot  
I know what I can live without and I know what I ain't got

I had a momentary, temporary, lack of self control  
Oh, I said this and I said that, I was really on a roll  
It's been downhill ever since my good sense jumped the track  
And I want my goodbye  
Baby, you know I, I want my goodbye back
