

# In A New York Second

Ty Herndon

Love came alive in a New York second

She was just a girl runnin' from the city  
I was just a farm boy lookin' for a good time  
Neither one of us was out to fall in love

She was getting gas at Thompson's station  
I was buying parts for the old man's tractor  
When she looked at me, I knew it was more than love

And we talked and she smiled  
And I swear, it about drove me half wild

Love came alive in a New York second  
Just the way it's meant to be, I reckon  
Felt so good, it just keeps getting better  
All the time she's with me

Love came alive in a small town minute  
Came along and swept us both up in it  
The Texas sky ain't got no limit  
Ever since her sweet love came alive

She was on her way up to Colorado  
Stopped to see a friend down in Bormann  
Just somehow how life takes its twists and turns

She asked me how to get to the local diner  
I said "I'll tell you if you let me join ya"  
She said "Fine" and love began to burn

We laughed and she smiled  
And I swear, it about drove me half wild

Love came alive in a New York second  
Just the way it's meant to be, I reckon  
Felt so good, it just keeps getting better  
All the time she's with me

Love came alive in a small town minute  
Came along and swept us both up in it  
The Texas sky, it ain't got no limit  
Ever since her sweet love came alive

Love came alive in a New York second  
Just the way it's meant to be, I reckon  
Felt so good, it just keeps getting better  
All the time she's with me

Love came alive in a small town minute  
Came along and swept us both up in it  
The Texas sky ain't got no limit  
Ever since her sweet love came alive  
Ever since her sweet love came alive

Sweet love came alive  
Sweet love

Sweet love came alive  
Sweet love
