

## California Commercial

**Ty Segall**

Come to California  
Stay inside your house  
Stay inside your head  
It is nice outside  
Come to California  
Stay inside your head  
Leave on a TV  
Slip inside your bed  
Stay in California  
Never go outside  
Things they are too nice  
We'll stay until you die

I was gonna tell you  
I remember name  
Anything for fame, anything for fame  
will you marry me?  
You can be my wife  
I have lots of money  
You can settle for me  
I still think you love me  
I still think you love me  
I'll invite our friends  
Now come into our house  
Yeah
