

California Commercial

Ty Segall

Come to California
Stay inside your house
Stay inside your head
It is nice outside
Come to California
Stay inside your head
Leave on a TV
Slip inside your bed
Stay in California
Never go outside
Things they are too nice
We'll stay until you die

I was gonna tell you
I remember name
Anything for fame, anything for fame
will you marry me?
You can be my wife
I have lots of money
You can settle for me
I still think you love me
I still think you love me
I'll invite our friends
Now come into our house
Yeah
