

## Green Belly

Ty Segall

I see the green in the belly of your eyes  
That seem you (?), it gives me no surprise

He's gonna make a movie of his entire life  
He wants to figure how to do it right, oh yeah

Sure he needs that big man with the big plan, step right in  
He fell down from the sky and knew why we have to win

He's gonna make a movie of his entire life  
She will cry, she will cry "Why?", oh yeah

Oh-oh, bye-bye, oh, bye-bye-bye  
Oh-oh, bye-bye, oh, bye-bye-bye

'Cause he's gonna make a movie of his entire life  
She will cry, she will cry "Why?", oh yeah
