

The Hand

Ty Segall

Your aggression (?) takes you to the end
Speaking harmony drags you by your hand
He's a number man, true facts she am
Functioning, practicing drags you by your hand

Unison only to the hand leading you only to the plan
Unison only to the hand, to the man

I see (?) the place sitting in the whole
It's just the same place, you're all alone

Unison only to the hand leading you only to the plan
Unison only to the hand, to the hand

To the hand, to the hand, to the hand, to the hand
To the hand, to the hand, to the hand, to the hand
