

Nothing Really Matters

tyDi

Didn't I? Didn't I always give you?
Didn't I? Didn't I always show you?
Didn't I? Didn't I make you believe you were the one for me
But you did, but you did never listen
I don't know if there was something I'd been missing
You and me, you and me don't make sense anymore

[Pre-chorus:]
So take another sip,
Throw it back, Throw it back
I know you shouldn't be touching me like that
(like that)

[Chorus:]
No, you don't belong with me
But you feel so good on me
You don't belong with me
But tonight, but tonight, nothing really matters
Nothing really matters
Nothing really matters
Nothing really matters
Nothing really matters

[Verse 2:]
Haven't I? Haven't I made you ever?
Haven't I? Haven't I made you better?
Haven't I? Haven't I given room to breathe?
What more do you want from me?
Nothing left, nothing left within you
I don't know what I have left to give you
You and I, you and I don't make sense anymore

[Pre-chorus:]
So take another sip,
Throw it back, Throw it back
I know you shouldn't be touching me like that
(like that)

[Chorus:]
No, you don't belong with me
But you feel so good on me
You don't belong with me
But tonight, but tonight, nothing really matters
Nothing really matters
Nothing really matters
Nothing really matters
Nothing really mattered
No, you don't belong with me
But you feel so good on me
You don't belong with me
But tonight, but tonight, nothing really matters
No, you don't belong with me
But you feel so good on me
You don't belong with me
But tonight, but tonight, nothing really matters
Nothing really matters
Nothing really matters

Nothing really matters
Nothing really matters
