

Perfect Crush

tyDi

[Verse:]

And there will come for me a time
Will work damn hard
Will never be mine
When I work the way that I want
No emergencies
Or sleepless nights
I'll set you free
For your whole life, [?]

[Chorus:]

What's never there could never be
Over, I am gonna keep my heart
Cuz I can't take no more of this
I'm ending it before it starts
So you'll never make me cry
And we'll remain
Perfect crush, perfect crush
The perfect crush, the perfect crush
The perfect crush
And we'll remain
Perfect crush, perfect crush
The perfect crush, the perfect crush
The perfect crush

[Verse 2:]

No winter will be cold
Or smothering tears
Take on to your cry
No brew in gold [?]
No getting bored
Never catch my high
For a week or so
Then we go from

[Chorus:]

What's never there could never be
Over, I am gonna keep my heart
Cuz I can't take no more of this
I'm ending it before it starts
So you'll never make me cry
And we'll remain
Perfect crush, perfect crush
The perfect crush, the perfect crush
The perfect crush
And we'll remain
Perfect crush, perfect crush
The perfect crush, the perfect crush
The perfect crush
