Lil' bitch, my sanction is important  
My new car's imported  
My bank account is enormous  
Weed so loud it's distorted  
Got champagne and we pourin' it  
She poppin' it and she snortin' it  
My iPhone recordin' it, if I want it, I can afford it

Somewhere in the clouds, gotta press up to see us  
I gotta whip so fast that I caught a ticket speedin'  
And my bitch so bad that I'm never ever cheatin'  
I might pull up in some shit that you've never ever seen  
And if I said how much I made, then you won't even believe it
