

Crazy Nights

Tygers of Pan Tang

The bright lights shine on me,
I give to give and to receive,
Enter the Promised Land, watch my every move,
Oh, you should know that I'm in your hand.

Crazy nights, fever's on, crazy night's fevers strong,
Crazy nights, I know what you want,
Crazy nights, fever's on, crazy night's, fevers strong,
Crazy nights, fever's on, crazy night's, you know what I want.

I wanna push you over the edge,
I wanna make you sit up and beg,
I wanna see, see you sweat,
Come on right now, show us what we're gonna get.

Crazy nights, fever's on, crazy night's fevers strong,
Crazy nights, I know what you want,
Crazy nights, fever's on, crazy night's, fevers strong,
Crazy nights, fever's on, crazy night's, you know what I want.

After all, you came to the show,
So get an upper before you go,
And don't dare hold it back,
Cause we don't need nor want any of that.

Crazy nights, fever's on, crazy night's fevers strong,
Crazy nights, I know what you want,
Crazy nights, fever's on, crazy night's, fevers strong,
Crazy nights, fever's on, crazy night's, you know what I want.

Crazy nights, you're a crazy love,
Crazy nights, how long can you rock?
Crazy nights, I see you walk in and shout,
Crazy nights, I wanna see you crawl out.
