

Full moon is rising the adrenaline's high
Just a few miles drive
Doors are open on time

Going down - in and out
Feel the sound
As the tires hit the ground

No high speed limit gonna screw up my night
No weekend driver gonna slow down my ride

Cruisin' to the music - that's all I need
Cruisin' to the music - satisfaction guaranteed

Ooh time to put out the fire let the music take you
higher
Hear the sound of thunder
Through the amplifiers once again

Take a bite . all tonight
Tygers eyes - in your sight

Raise your glasses shout it out for more
Let's hit the stage let the good of tock times roll

I'm gonna make it right
Sure it's gonna be tonight
Engines are pumping the streets are alive
Ready for the bite
