

# Cry Sweet Freedom

Tygers of Pan Tang

SNAP! - I almost split in two  
When I watched you walk the floor I couldn't take my eyes off you

CRACK! - My knees fell to the floor  
Baby now I've seen you gotta have just a little more

And since that moment you were always on my mind  
It seems so clear to me I just gotta win this fight

Take ya high, take ya low  
Take you anywhere you wanna go  
I'll make you cry sweet freedom  
Take it fast, take it slow  
Tell me just how far can you go  
I'll make you cry sweet freedom

BOOM! Watch my world explode  
Got me driving down the wrong side of a long and winding road  
BANG! - The lightning struck me down  
As the thunder rocked my world  
I got my feet high off the ground

And now I wonder as the days go passing by  
Playing the game is worth gaining the prize

Since that moment you were always on my mind  
Seems so clear to me I just gotta win this fight
