

Don't Touch Me There

Tygers of Pan Tang

Went down the beach a little girl there
Hey babe I could make you care
Don't say that to me I'm a lovin' man
Got a little girl who's the apple of my eye

Don't touch me, touch me there
Don't touch me, touch me there
Don't touch me, touch me there
Don't touch me, unless you really care

Hey babe come to my place for a while
Oh honey I could make you smile
Don't say that to me I'm a loving man
Got a little girl who's the apple of my eye
