

Hey Suzie

Tygers of Pan Tang

Hey Suzie!

There's a rumour going 'round, they say you're back in town, be
good to see ya

Little Suzie,

You've been away now far too long, good to know
You've come back home, be good to see ya

Oh Suzie

When I heard them say your name I was seventeen again on a roll
er-coaster

Ah Suzie

They say you drive a big fast car, looking like a movie star, I
get the picture

Suzie I want ya

She's got the walk the talk the look (Hey Suzie!)

She drive's me crazy

She knows every trick in the book.

How was London...

They say drove all over town - did ya knock those places down w
ith ya dancing

Oh London...

Way beyond the soho lights where the breathing space is tight,
you'll still be dancing

How 'bout New York

I heard you starred in every show, taught them everything they
know my little diva

Down in Vegas

Where the hottest act in town, came from miles
Miles around just to see ya

Hey Suzie!

There's a rumour going 'round, they say you're back in town, be

Little Suzie,

You've been away now far too long, good to know
