

Innocent Eyes

Tygers of Pan Tang

You think the whole world is watching you,
You're afraid they can all read your mind,
Well the only suspicion is in you head,
Don't give the game away to the blind

Innocent eyes, see no evil
Innocent, eyes, feel no pain
Call me tonight, I'll be waiting,
When can I see you again

I turned over and you were gone,
Out the back door into the night (Into the night)
Imagining we'd make the front page news,
You were trying to get your story right

Now you're back where it's safe, you've passed the test,
So convincing you're feeling ashamed,
We're partners in crime with a one track mind,
If you talk in your sleep don't mention my name

When can I see you,
I want to be near you,
(Innocent eyes)
