

# Meet Me In The Night

Tyketto

Somebody's calling out your secret name  
And your window's being kissed by stones  
Baby can you hear my silent serenade  
When I'm standing in the dark alone  
We could never show, and we could never tell  
'Bout the wildfire in our veins  
Crashing down the doors and breaking all the spells  
'Till nothing but the love remains  
Colours clash, colours fly, colours bleed when the tears run dry  
Colours run, but they can't hide, still we gotta try

Meet me in the night, baby say a prayer, we will never lose our way  
Meet me in the night, say that you'll be there, never fade away  
Flying through the chill of the Ohio night, their laughter echoes in the air  
Drive across the river to the other side, nobody will know us there  
Colours clash, colours fly, colours bleed when the tears run dry  
Colours run, but they can't hide, still we gotta

Meet me in the night, ohhh, say that you'll be there  
Meet me in the night, baby say a prayer - meet me, meet me in the night  
Meet me in the night, say that you'll be there - oh, say you'll be there  
Meet me in the night, baby say a prayer - meet me in the night  
Meet me in the night, say that you'll be there - say that you'll be there  
Meet me in the night... (to fade)
