

Ain't Even Drinkin'

Tyler Farr

Must be something in her lipstick
Got me this messed up just off her kiss
Kicked back and I'm feeling alright
Parked by the river she's got her
Tan lines hanging out by the water
Better slow down if I'm gonna tie one on tonight

Ain't even drinkin but I'm buzzing baby
Ain't even smoking but I'm so stoned
Feels like I'm getting lit
Ain't even took a sip
But I'm already gone
Too drunk to drive home
And I ain't even drinkin

Don't need no rum or Bacardi
Cause that girl she's my kinda party
She's the only shot that I need
Sun sinks she starts to get frisky
One touch and I'm feeling tipsy
Somebody take my keys

Ain't even drinkin but I'm buzzing baby
Ain't even smoking but I'm so stoned
Feels like I'm getting lit
Ain't even took a sip
But I'm already gone
Too drunk to drive home
And I ain't even drinkin

She's got me feelin fine
Higher than a Georgia pine
Stronger than homemade shine
She gets me every time

Ain't even drinkin but I'm buzzing baby
Ain't even smoking but I'm so stoned
Feels like I'm getting lit
Ain't even took a sip
But I'm already gone
Too drunk to drive home
And I ain't even drinkin
Ain't even drinkin
Ain't even drinkin
