

Whiskey In My Water

Tyler Farr

In my truck flyin' down a dirt road
Pickin' you up, feelin' kinda crazy
I think I'm in luck 'cause I know my baby
She slaps my knee, says 'Boy why you smilin'?'
Doin' my best, so hard to hide it
I know what's up so I just shoot her a wink

'Cause when the sun goes down it'll get a little hotter
Make an old boy's heart beat a little harder
I know I can't lose 'cause it's goin' down smooth
tonight, baby
One ain't enough ma'am may I have another
Sittin' 'round the fire gettin' drunk on each other
Every day I pray I thank God I got her
She's the moon in my shine, the whiskey in my water

When we're past Flint Bridge, we'll break out the
bottle
Drop it down low, crank up the throttle
I'm good to go 'cause I've got you tonight, baby

'Cause when the sun goes down it'll get a little hotter
Make an old boy's heart beat a little harder
I know I can't lose 'cause it's goin' down smooth
tonight, baby
One ain't enough ma'am may I have another
Sittin' 'round the fire gettin' drunk on each other
Every day I pray I thank God I got her
She's the moon in my shine, the whiskey in my water

Sittin' on this hill with her
Lookin' in them baby blues
Wishin' that the sky would change
I've been thinkin' 'bout it all damn day
I can hardly wait

'Cause when the sun goes down it'll get a little hotter
Make an old boy's heart beat a little harder
I know I can't lose 'cause it's goin' down smooth
tonight, baby
One ain't enough ma'am may I have another
Sittin' 'round the fire gettin' drunk on each other
Every day I pray I thank God I got her
She's the moon in my shine, the whiskey in my water

Whiskey in my water
Whiskey in my water yeah yeah yeah
